2. Function Overview

1) Recording

- **Smart Rec.** – Achieves accurate AI transcription, recommended for lectures, meetings, and interviews
- **ANC Max** – Professional sound isolation, recommended for: podcasts, voice memos, noisy environments
- **Hi-Fi** – Preserves original acoustic characteristics. Recommended for: music recording, environmental sampling, ASMR
- **Audio-in** – Allows audio recording via external microphones or AUX cables
- **Automation** – Provides Scheduled Recording (Sched Rec) and Automatic Recording (Auto-rec)

2) Translation

- **Online Trans.** – Translation based on online AI big data models
- **Offline Trans.** – Translation based on offline data models
- **Keyboard Trans.** – Online translation by entering keywords or sentences via keyboard

- **File Trans.** – Online translation by uploading files
- **History** – View historical translation records

3) **AI Office**

- **AI-DO** – Analyzes and summarizes transcribed text, performs structural reorganization, generates mind maps, translates text and provides up to 10 other processing functions based on online AI big data models
- **AI Arst** – Activate/Deactivate AI Assistant. The AI Assistant serves as an auxiliary function for applications such as Gmail, ZOOM, Google Meeting, and Microsoft Teams to enhance operational convenience
- **ChatGPT/Gemini** – Built-in third-party AI tools
- **Gmail** – Built-in third-party email service application
- **ZOOM/Google Meet/Microsoft Teams** – Built-in third-party online meeting applications

4) Media & Notes

- **My Player** – Professional recording audio playback application
- **ReadEra** – Third-party e-book reading application for reading transcribed text, PDFs and e-books
- **FileManager** – Device file manager
- **Google Docs/Microsoft 365 Copilot/Keep Notes** – Third-party document editing and memo applications
- **Photos** – Professional image viewing/editing application

5) Share

- **Send Anywhere** – Third-party file transfer application for file transfer between the device and smartphones
- **Google Drive / OneDrive** – Third-party cloud storage applications for file upload and storage

6) System & Tools

- **Settings** – Various device parameter settings
- **Tips** – Operation guide and FAQ

- **Tools** – Common utility tools including clock, calculator, unit converter, calendar, radio, Wikipedia Dictionary, Google Browser, Google Play Store, etc.

3. Technical Specifications

- **Product Size** : 4.82 × 2.24 × 0.63 inches
- **Weight** : 163.5g / 5.77oz
- **Screen Size** : 3.99 inch
- **Resolution** : 540 × 960 pixels
- **Internal Storage** : 4GB RAM + 64GB ROM
- **External Storage** : Subject to the included SD card (maximum support 2TB)
- **Bluetooth** : Version 5.0
- **WiFi** : 2.4Ghz, 5.0Ghz
- **Battery Capacity** : 2800mAh
- **Charging Input** : 5V 2A
- **Charging Time** : 180 minutes
- **Record Formats** : WAV, AAC
- **Bit Rates/Sample Rates** :
AAC (48/128/256kbps)
WAV (16/32/48kHz&16bit, 48kHz&24bit)

• **Language Support:**

Function	Supported Languages
STT (Speech-to-Text)	70+
Online Trans.	150+
Keyboard Trans.	150+
File Trans.	150+
Offline Trans.	40+

• **Recording Duration (screen off)**

Recording Mode	Transcription Accuracy	Duration (Hours)
Smart Rec / Auto-rec	–	17
ANC Max / Sched Rec	–	13
HiFi/Audio In	–	58

Recording Mode	Transcription Accuracy	Duration (Hours)
Smart Rec / Auto-rec	Basic	9
ANC Max / Sched Rec	Basic	7.5
HiFi/Audio In	Basic	11.5
Smart Rec / Auto-rec	High Accuracy	5.5
ANC Max / Sched Rec	High Accuracy	4.5
HiFi/Audio In	High Accuracy	6

· **Playable Audio Formats** : mp3, 3gpp, amr, m4r, flac, mp2, mka, ogg, aac, wav

Warnings

- Do not leave the device in an environment with extremely low or high temperatures (below -10°C or above 50°C) for an extended period. Extreme temperature environments may cause device deformation and shorten the service life of the device;
- Do not use the device during thunderstorms;
- Do not immerse the device in water for an extended period;
- Do not expose the device to direct sunlight for an extended period.

FCC Warning

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Warranty

Thank you for purchasing our products. You will enjoy the following services when using this product.

Warranty period: Within one year from the date of purchase.

Warranty scope: Limited to the product main unit.

Warranty terms:

- ① Within 1 year after purchase, free replacement or full refund is provided for malfunctions or damages caused by product quality issues.
- ② Accessories are not covered by the warranty (e.g., USB cable, earphones, etc.), but free replacement is available for quality issues within 7 days after purchase.
- ③ The following conditions are not covered by the warranty:
 - Expired warranty period.
 - Disassembled or repaired privately by the customer.
 - Artificial damage, accidental damage or deformation.

- Malfunctions caused by installation and use in abnormal environments such as high temperature, high pressure, and humidity.
- Damage caused by natural disasters such as lightning strikes, floods, and earthquakes.
